SAFE TO DRIVE. QUIET AS A WHISPER. THE ALLROUND MODEL.

ST 11

- ⌚ The allround model: with a large 11 litre bioneem fleece filter bag for professional use on all textile surfaces.
- ⌚ Keyword "customised": the right attachments for diverse applications.
- ⌚ Steady and moveable: the innovative design with a low centre of gravity and the rubberized castor wheels at the rear of the appliance ensure stability and directional tracking capability.
- ⌚ Extremely low noise with only 56 dB(A), ideal for use in noise sensitive areas.
- ⌚ Fatigue-free working: the air flow can be altered infinitely directly at the container and also at the hand tube, according to the floor conditions.
- ⌚ Easy to transport and always tidy: the vacuum cleaner features an ergonomic handle, the plug-in mains cable in signal colour finds its place in the cable compartment or simply on the cable-hook – swiftly locked via a sliding locking mechanism.
- ⌚ Two integrated parking positions to the left or right for the combi floor tool.
- ⌚ Also suitable for hard floor coverings.
- ⌚ Exclusively by columbus: filter bags made of fleece material classified filter class M and pre-treated with "Bioneem" for anti-allergical application.

columbus

SMALL. LIGHTWEIGHT. MANOEUVRABLE. A VERY STRONG VACUUM CLEANER.

ST 7

- The powerful professional dry vac with 7 litre fleece filter bag for everyday cleaning of textile floor coverings.
- Extremely quiet with only 58 dB(A), for low noise vacuuming also during business hours.
- Fatigue-free working: the air flow level can be altered infinitely according to the floor conditions, via a switch directly at the container and also at the hand tube.
- With a weight of only 4.8 kg, compact design and storage brackets for suction nozzle and accessories the ST 7 makes transport easy and reduces storage requirements, not only within the vehicle.
- Steady and moveable: the construction of the container and two large castor wheels at the rear ensure stability and easy tracking.
- Ten meter plug-in mains cable in signal colour for maximum safety during operation.
- Also suitable for hard floor coverings.
- Exclusively by columbus: filter bags made of fleece material classified filter class M and pretreated with "Bioneem" for antiallergical application.
