SATINO

Imagine a brand that
can do more than just hygiene.

BY WEPA

A brand that creates modern hygiene solutions and turns washrooms into a reflection of your business. Whose products thrill people with their functionality, comfort and friendliness to the environment, products that make us feel good and redefine hygiene – exclusive, appealing and modern.

Well, this brand

already exists: **Satino by WEPA**

A brand that is backed by a committed team of experienced professionals that support the expansion of your business with their know-how and expertise.

THE SATINO FRESHNESS PHILOSOPHY MAKES

CUSTOMER WISHES COME TRUE | Customers and washroom users do not want to compromise when it comes to hygiene. They want a strong, quality product that provides instant freshness and a comfortable washroom experience, whether at the office, on school premises or while travelling.

In small or large washrooms.

With Satino by WEPA, we don't make any compromises either when it comes to hygiene solutions. Our philosophy of true freshness is perfectly attuned to the expectations and needs of washroom users. **A vast variety of functional and shapely hygienic paper dispensers guarantees smart user friendliness down to the last detail.** A large selection of hygienic papers, air fresheners, soaps, disposal systems and washroom accessories rounds off the exclusive and extensive Satino by WEPA brand portfolio.

AS INDIVIDUAL AS

YOUR CUSTOMERS' WISHES | We, the maker of Satino by WEPA, are aware that our customers require bespoke solutions to satisfy customer demand. This is why our three product categories provide customised solutions for all relevant eventualities.

Super soft hygienic papers made of virgin fibres.

The original; our bestseller made of 100 % recycled paper.

Innovative qualities in optimised sizes at the best price-performance ratio.

BECOME A PART OF

SATINO BY WEPA! | Make Satino by WEPA your brand of choice and accompany us through every step of our brand's development journey – **in the interest of your customers and your business!** Market-tested in the field, our concepts add true value to the washroom experience and build mutual trust with our partners. Our aim is to provide customer satisfaction, not only at eye level, but through the full product experience.

We, the people behind Satino by WEPA, aim to support you in every way. We do this **by providing an extended product portfolio that assures you in every aspect,** from quality to the overall brand image. Our new brand launch is set to exceed current standards and turn your customers' time in the washroom into a pleasant experience.

OUR ORGANISATION –

WITH FOCUS ON DIALOGUE AND PARTNERSHIP | A good business relationship is based on mutual trust and joint goals. We are **at your service 24 hours a day** to understand the challenges of the marketplace and constantly improve. Regular exchange of ideas and the undiscovered potential of products, services and their user-friendliness are the foundation of our mutual growth. Our experienced sales team also consistently focus on dialogue and partnership. Being close to you and our end customers generates new valuable knowledge of the market. We transform this knowledge into **new products and services** to cover the needs of end customers and washroom users even more precisely in our portfolio. This way, we ensure that the Satino by WEPA compass **always points in the direction of customer orientation**.

IDEAS AND INNOVATIONS – DYNAMISM

FOR YOUR BUSINESS | We know how the market works. We transform this knowledge into comfortable hygiene experiences and sophisticated washroom solutions **that pay off for you on many levels**. Our long-standing experience servicing the hygiene market and the expertise within our team are the best indicators that we have your success and profitability at heart. Innovation and communication are both equally important to us as a business. These factors are enhanced through **constant dialogue with our partners, customers and the end user**. We believe this is the only way to ensure that innovations are truly profitable for all parties. We focus on a convenient ordering process, intuitive communication, manageable packaging and functional handling throughout this simplified practice.

You can rely on this service and look forward to many new product launches ahead of market trends.

DEVELOPING TOMORROW'S

HYGIENE SOLUTIONS TOGETHER | Our passion for paper has been our driving force for more than 70 years. This is still true today, propelling us forward into new markets and motivating us to develop new product innovations. **Join us in this passion!**

Together we will create a unique washroom hygiene experience and promote sustainable growth. We will assist the customer on their out of home experiences. **We assist you with sales, marketing and logistics**. This way, you can concentrate on your core business and profit from our mutual successes. We will continue to invest all our energy, expertise and experience in the development of hygiene solutions that keep setting new standards.

PACKAGING

SATINO by WEPA
THE NEW
PACKAGING

ICONS

SATINO EXTRA

SELF-EXPLAINING ICONS | Put an end to long searches in the warehouse and logistics! Clear icons on the packaging of Satino by WEPA products **display features** including the number of layers and ply, rolls or single sheets and dimensions **for quick and easy reference.**

Easier orientation, greater transparency, higher efficiency.
Now on all packaging, brochures, flyers and on our new website!

A BIRD'S EYE PERSPECTIVE HAS ITS BENEFITS | Focus on your business – Satino by WEPA will do the rest! **You will now find product-relevant icons on the lid of all the paper towel packaging in the Satino by WEPA design.**

Another advantage: no more bending down!

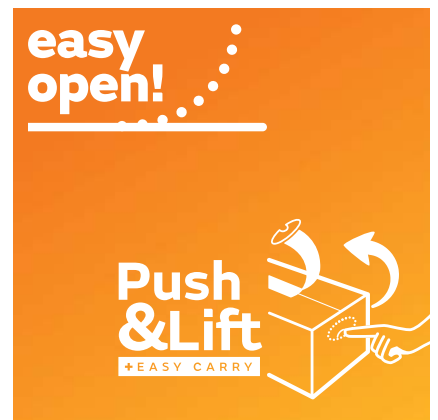

SUPER EASY

PRACTICAL PERFORATION FOR ENHANCED PERFORMANCE

Satino by WEPA toilet paper and kitchen roll film now have an „easy open“ perforation. Satino by WEPA paper towel tissue boxes now have an „easy-open-and-carry“ function.

The practical perforation facilitates opening and product access and minimises the risk of injury, as knives or other sharp objects are no longer needed to open the box. The smart carry function means you have your business firmly under control at all times!

SATINO by WEPA

PACKAGING

CODES

On the
packaging

In the dispenser

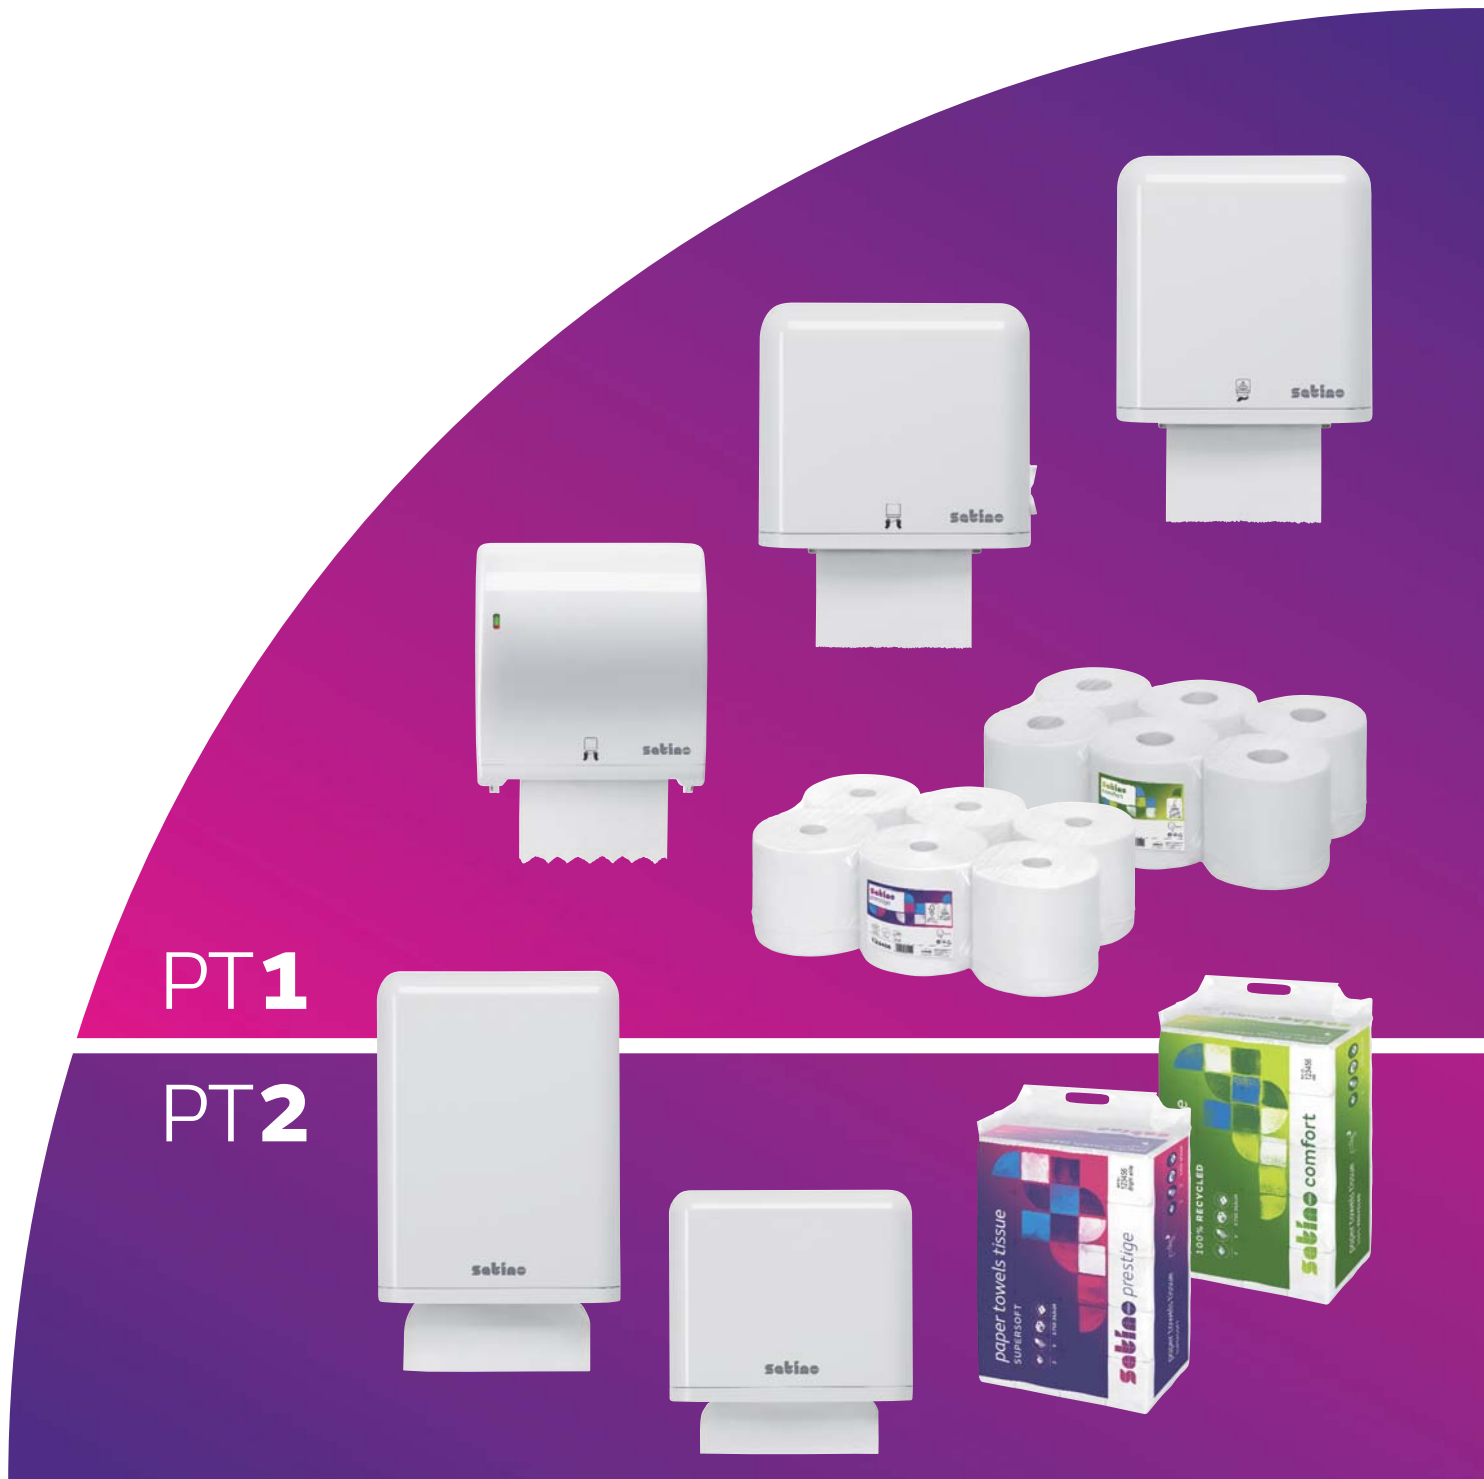

MT1

MINI TOILET PAPER
Toilet paper small rolls

SIMPLE ALPHANUMERIC ASSIGNMENT | This "match" is a win-win for you! We bring together what belongs together. **All Satino by WEPA products and dispensers come with clear and simple codes.**

The codes consist of two letters and one digit and are displayed in all our catalogues and on our website.

PT1

PT2

Use the codes **to find** the right Satino product for your Satino dispenser at all times - and vice versa. No long searches or incorrect purchases. For more efficiency in the ordering process. This **makes the re-order process easier for both partners.**

The coding formula follows a simple principle: every code comprises the letters of the product range area (English name) and the respective product article number.

PT...

PAPER TOWELS

... 2 Format Z and W fold

SATINO by WEPA DISPENSER **NEWCOMER**

TOILET PAPER IN THE MAIN ROLE | Our new **system toilet paper dispenser** is the perfect solution for highly frequented washrooms. **With the option to place two 100 m rolls** in the dispenser, you reduce the refill intervals and do not run the risk running out of paper.

A glance at the window on the front of the dispenser provides a quick indication of the level of the paper. **The dispenser has a practical mounting bracket to quickly mount the dispenser and ensures stability.**

The mounting bracket is compatible with many other Satino dispensers. Easy to change with minimal effort.

The front opening enables the dispenser to fit into small spaces. Additional advantage: the universal and permanent key.

Mounting: Satino mounting bracket

JT3

JUMBO TOILET PAPER
Toilet paper large rolls
on page 40

SIMPLY CLEAN! | Whether we make functional intuitive dispenser systems or discreetly scented air fresheners, when we develop new Satino products we follow our business principles and combine cleanliness, hygiene, economy, the best quality and ease of use in every product.

Our approach drives our extensive product range beyond the normal standards and provides the right washroom solutions for any requirement. This creates **a competitive advantage and higher customer and employee satisfaction.**

HB1

HYGIENE BAGS

Sanitary bags
on page 60

PRACTICAL HYGIENE AT ALL TIMES | The new Satino by WEPA **sanitary bag dispenser** sets new standards of cleanliness in the toilet cubicle with its fresh design. **The dispenser is lockable,** and the Satino sanitary bags remain safely and securely inside.

Mounting: adhesive or screws.

SATINO by WEPA
AIR FRESHENER
NEWCOMER

ECO AIR FRESHENER | The Satino by WEPA Eco air freshener is the perfect and compact solution for small to medium washrooms **up to 20 m³**.

Lovely fragrance. Easy to use. The Satino Eco air freshener offers smart and easy operation during the filling process. Lift the front cover until it clicks into place, open the air freshener, insert the fragrance, close the cover and enjoy Satino freshness.

Up to 8 weeks of freshness.

No battery or mains power.

Mounting: adhesive or screws.

AR1

AIR REFRESHER

Air freshener
on page 56

SATINO BRINGS A BREATH OF FRESH AIR INTO

EVERY WASHROOM | In addition to functional dispensers, we are expanding our product range with exclusive freshness solutions. **Satino air fresheners turn every washroom into an oasis of wellbeing.**

You and your visitors will enjoy the fresh fragrance and your service personnel will love the easy operation.

AR2

AIR REFRESHER

Air freshener
on page 58

PREMIUM AIR FRESHENER | The Satino by WEPA Premium air freshener ensures an exclusive freshness experience **in larger washrooms of up to 200 m³**. Use the USB interface to select battery or mains power.

The air freshener function has been cleverly designed! Insert the fragrance cartridge, activate the system and select the fragrance intensity. The **innovative micro atomiser** will start immediately, leaving no drops or slimy puddles under the dispenser. The light indicator on the dispenser indicates the fill level at all times.

Refill intervals of 30-90 days, depending on the fragrance intensity.

Mounting: screw on

SATINO BY WEPA DISPENSER SOLUTIONS: AN EFFICIENT AND STYLISH WASHROOM SOLUTION

The design of the Satino by WEPA dispenser series conveys a clear message: functionality, comfort and the highest quality united in one product. The space-saving modern dispenser solutions fit harmoniously into any washroom.

Perfection in detail: an individually configurable lock system, hygienic dispensing and economic use – maintenance-free and reliable. The highlight of any washroom.

Everything is easy: comfort, control, communication

With richly illustrated, self-explanatory operating instructions and transparent fill level indicators, the Satino by WEPA dispenser solutions provide fast, internationally comprehensible answers to important questions on issues such as installation, locking mechanisms, filling or changing the design ring. **This saves time, overcomes language barriers and creates acceptance.**

Satino by WEPA dispensers:

- consist of ABS (acrylonitrile butadiene styrene)
- are very sturdy, impact-resistant and easy to clean
- are temperature-stable up to approx. 95°C (Vicat softening temperature)
- can be easily melted and recycled.

SATINO by WEPA DISPENSER SOLUTIONS

COMPREHENSIVE CONCEPTS FOR ALL WASHROOMS

THE CLEVER LOCK SYSTEM

Thanks to the twist lock installed on the side, all Satino by WEPA dispensers can be opened easily and comfortably. Your hands remain free for easy and fast filling.

No moisture penetration – top hygiene in all washrooms.

The universal key supplied fits the entire Satino by WEPA dispenser series.

With just a few steps, **the lock can be turned into a permanent lock.**

Simply slide on the counter ring on the inside and right away the key remains permanently in the dispenser.

EASY INSTALLATION OF THE SATINO BY WEPA DISPENSERS

Thanks to their easy and stable installation, Satino by WEPA dispenser solutions are permanently clean and flexible. The installation principle is as sophisticated as the dispensers themselves: Position mounting bracket, mark drill holes, screw on mounting bracket, suspend the Satino dispenser – done! In the case of vandalism, a dispenser update or upgrade, the mounting bracket remains on the wall. Simply suspend the new Satino dispenser and proceed ...

Glue it ! | Even if drilling is not possible, Satino by WEPA dispensers can still be mounted on walls. All dispensers feature 3 to 4 adhesive spots on the back. Apply industrial adhesive (note manufacturer's instructions!), stick dispenser to the wall and fix in place.

Exclusive and only by SATINO by WEPA **THE DESIGN RING**

IN 16 CONTEMPORARY COLOURS FOR MANY DISPENSER MODELS

INDIVIDUALITY DEFINES US ALL - IT'S YOUR CHOICE

Most Satino by WEPA dispensers are supplied with a white design ring as standard.

Three additional standard colours (anthracite, blue and sand) are waiting for you in our warehouse.

For order quantities of at least 20 boxes (= 200 design rings per model), we have a further 13 special colours in stock at our factory warehouse.

* Customer request colour and other customisations on request

Watch the film!

More information on the design ring

Most Satino by WEPA dispensers are fitted with an exchangeable design ring. Simply open the Satino dispenser, release the design ring, attach the design ring in the new colour - done!

Turn your washroom into an extension of your company's brand identity with Satino by WEPA.

Have you ever thought about how many guests, customers, visitors, business partners, clients, employees, patients, travellers, suppliers, etc. use your sanitary facilities each day?

Why should your corporate colour scheme stop there?

Give your washrooms some individuality. Use the design ring to incorporate your corporate colour scheme in the washroom or simply to coordinate the Satino dispenser with your washroom fittings.

PT1 PAPER TOWELS ROLLS SYSTEM

PAPER TOWELS PT 1

Satino prestige: High-quality paper towel made from fresh fibre, highly absorbent and tear-resistant.

Satino comfort: paper towels with two highly absorbent plies. 100 % recycled quality. Excellent drying properties, high tear-resistance. Optimum hygiene and ecological responsibility in one product.

Sensor Towel Dispenser

Frequency/consumption

Dimensions (mm)

348 (W) x 386 (H) x 220 (D)

Item no. 331070

Colour White

PU 1

Pallet 48

With Satino mounting bracket

The sensor version of the Satino by WEPA System paper towel dispenser – works with batteries or mains. Adjustable pause interval and sheet lengths of 20-36 cm reduce consumption and operational costs over time.

Hand towel dispenser systems save costs and relieve the environment – less is more.

- Less** costs for transport, storage and logistics
- Less** consumption through automated single towel dispensing
- Less** staff thanks to long refill intervals
- Less** packaging material, less waste and thus less contamination of the environment
- More** hygiene and better quality thanks to non-contact dispensing

Hygienic dispensing and economic consumption. Our best solution for highly frequented lavatories.

Consumption example:

1 package unit of paper towel rolls =
3 boxes of paper towel format

PT 2 PAPER TOWELS FORMAT INTERFOLD

PAPER TOWELS PT 2 | The new Satino by WEPA towel paper portfolio gives you 1001 choices. Whether in 100 % recycled or pulp quality – you can always count on economy and hygiene.

Satino prestige: self-presenting Z- and W-fold paper towels in pulp quality. Economical consumption, highly absorbent and tear-resistant.

Satino comfort: self-presenting Z- and W-fold paper towels in 100 % recycled quality. Economical and ecological, bright white, optimal absorbency.

Less is more!

Reduce consumption, not quality!

- Less** expensive for transport, storage and logistics
- Less** personnel required due to long refill intervals
- Less** consumption due to completely unfolding towels
- Less** consumption, thus less packaging material, less waste and less contamination of the environment
- More** hygiene through clean single towel dispensing

Z and W folded paper towels are your best choice both economically and ecologically with respect to logistics, transport, storage and consumption.

Consumption example:

1 box of folded towels, self-presenting (Z and W fold) =
3 boxes of folded towels, layer fold (C fold)

Pallet 220

Satino by WEPA

The clever dispenser system for two rolls of toilet paper; the second is only released when the first roll is finished. The integrated roll brake reduces wanton rolling and excessive consumption.

Mounting: adhesive or screws.

Satino prestige: a range made from high-quality pulp. Supersoft, bright white, absorbent and hygienic.

Satino comfort: quality product made from 100 % recycled paper. Supersoft, highly absorbent and bright white. Sets standards in sustainability.

Satino smart: our product for smart people. Good quality and performance at a low cost.

All Satino by WEPA prestige toilet paper bags have a carrying handle. Easy to attach and always close to hand, e.g. on service and cleaning trolleys or in storerooms.

KITCHEN ROLLS

Kitchen impossible?

Not with the Satino by WEPA kitchen rolls in proven professional quality!

Simply indispensable in the kitchen and for gastronomy and catering events. High strength and absorbency which enhance each of its 2-3-ply layers for maximum hygiene and cleanliness. Three cheers for the first-class quality made from fresh pulp or 100 % recycled fibres.

Applause for the certification in accordance with the **XXXVI recommendation for "direct contact with food"**.

Satino prestige: kitchen rolls made from pulp in premium quality. Tough on soiling, highly absorbent and strong.

Satino comfort: 100 % recycled material – 100 % eco-friendly. High absorbency and strength with ecological responsibility.

THIS IS IMPORTANT TO US, THIS IS WHAT YOU MEAN TO US!

WE TAKE PARTNERSHIP

PERSONALLY | Whether on the phone, at our company, at your premisses, or online: The Satino by WEPA team provides individual and personal consultation and service to our partners. **Across all channels, at all times**, always with the same passion for a fair partnership. We are at eye level with our partners and focus on our mutual success, mutual growth and measurable added value. The merger with the Dutch market leader Van Houtum gives us greater capabilities. Both with respect to range and (wo)manpower. **As a result of the merger, we now have an even larger sales force.** This means we can place more emphasis on country-specific requirements and dedicate further resource to meeting customers' individual needs. With native speakers in some areas, accessing and communicating with the respective national markets is easier and makes for a smoother working partnership.

TRANSFERRING KNOWLEDGE –

CREATING GROWTH | With Satino by WEPA, we do all we can to share our expertise and experiences with our partners. With our eyes and ears on the pulse of the market, we observe, interpret and anticipate new developments. This knowledge creates a dynamic that we use to accompany the growth of our partners – **in the shape of regular factory visits, training sessions and even seminars** concerning issues such as hygiene, paper production or sales. In addition, we are constantly expanding our online offer. **With the latest news, interesting studies, videos and press releases**, we create further growth modules for the optimum sale of our products by our partners.

YOU'LL NEVER

SELL ALONE | We know that our partners need our products to be supported in the best possible way to help drive their own success. And we know that these requirements follow the market dynamic. This is why Satino by WEPA offers a broad range of sales-promoting measures that can adapt to virtually all sales scenarios. Personalised **adverts, banners, brochures, flags, roll-ups, dispenser walls** and also **customisable sales flyers** are readily available at all times.

Of course, we also assist our partners with our expertise to boost their sales activities. With the merger of WEPA Professional and Van Houtum, we have now consolidated even deeper, broader and more international expert knowledge under one roof.

For our partners, this means:

- Even more concentrated expert knowledge covering the most varied subjects such as production, innovation, marketing and communication.
- Easy access to a network of experts and professionals whose judgment and dedication you can trust.
- Long-term partnerships characterised by reliability, innovation and the will to succeed.

VISIBILITY

CREATES DEMAND | If you can't be seen, read or heard, you will not be noticed. This is why Satino by WEPA works on marketing and sales strategies that drive customer demand for the product. Our strategy is to place products in the mind-set of your customers and where to find them. With the heading "Satino by WEPA", we regularly place adverts in industry magazines, both in print and online. Subsequent enquiries are immediately passed to direct contacts at our trade partners. A team of experts assists our partners with customer visits, training sessions, in-house trade fairs and invitations to tender. In short: Satino by WEPA does everything in its power to create visibility and demand, with a range of experts focused on our partnership to further our **mutual growth**.

FIGURES THAT SPEAK

FOR US | As a 100% subsidiary of the WEPA Group, we at WEPA Professional operate on pan-European and local levels. This is a strategy that pays off for you, as we bring big business expertise to local markets.

You profit from:

- Market-conforming established products
- Competitive prices
- First-class reliable service through modern quality management
- Dedicated laboratories and innovation teams

More than 3,900 employees at 13 locations throughout Europe ensure every day that the total of experience, expertise and engagement always contributes to the success of our partners and products.

SATINO by WEPA

PEOPLE AND THE ENVIRONMENT

PROGRESSIVE THINKERS DEALING WITH RESPONSIBILITY, FAIRNESS AND THE ENVIRONMENT

WE WERE ALREADY AHEAD OF OUR TIME IN 1948, THE YEAR OUR COMPANY WAS FOUNDED | Even then, we boasted progressive thinkers and pioneers in production. This was backed by a commitment to fairness concerning our employees and the environment well ahead of its time. For example: we have always focused on recycled fibres since we started producing hygienic papers. Satino by WEPA meets the highest environmental demands and is certified in accordance with the strictest directives.

The same still applies today:

High quality and modern industrial safety are just as important to us as economic success.

Since then, we have continuously developed this set of values and the pillars that support it: **sustainability, respect and engagement**. These self-imposed standards are the foundation of our success as a family-managed medium-sized company and one of the market leaders in Europe.

TAKING RESPONSIBILITY FURTHER | We have opened a new chapter in our company's history by acquiring the Dutch market-leader Van Houtum. **We share the same values when it comes to international trading and philosophy towards our environment.** The larger sales spectrum and the expanded portfolio will enable us to sustain a successful business.

With Satino by WEPA, we are continuing these company traditions while constantly pursuing new avenues of expansion. Of course, this includes **FSC®**, **EU Ecolabel** or **Blue Angel certified products**. After all, sustainability is also a very important issue with Satino by WEPA products. With joint powers, we concentrate on the task of using the potential offered by the merger to its fullest in all sectors: with – thanks to a bigger network of experts – now even easier entry into international markets; with sound knowledge of local markets; with **even more expertise** under the Satino by WEPA roof; with **even more sales assistance** for our partners and, naturally, with an expanded product portfolio that supplements the existing one to meet customer requirements even better.

In short:

by merging with Van Houtum, we have paved the way for sustainable growth based on established values and a forward orientation.

WEPA CREATES VALUES | In line with our established beliefs as a family-operated company, with a long tradition and innovative DNA, we define economic success as the result of goal-oriented, economic actions guided by an ever-increasing responsibility towards ecological sustainability.

Environmental aspects are integrated in all the decision-making and ongoing processes in our management system and converted to **social thinking and acting**. Our goals: continuous improvement of all processes, increased energy efficiency, protection of the environment, and last but not least significant cost reduction. This way, we create the optimum prerequisites for promoting fair market competitiveness, with fair prices and top quality products. We aim to unite economic and ecological aspects in a future-oriented way.

SATINO BY WEPA CERTIFICATIONS:

FSC® and **PEFC**: All WEPA locations are both FSC® and PEFC certified. Both certifications are available for cellulose and recycled products.

Blue Angel: For selected Satino products made from recycled fibres.

EU Ecolabel and **Nordic Svane**: WEPA holds these certificates for selected cellulose and recycled grades.

ISO 9001, ISO 14001 and **ISO 50001** for all WEPA production sites in Europe.

IFS Household and Care Zertifizierung: For select WEPA locations.

Important cornerstones of our energy and environmental policies:

- Continuous and sustainable reduction of energy and natural resources consumption
- Increased energy efficiency by continually improving our processes
- Implementation and ongoing development of the energy management system in accordance with ISO 50001 and the environmental management system in accordance with DIN EN ISO 14001
- Priority of the energy efficiency factor in the procurement of investment and consumer goods
- Development and regular review of energy-saving and environmental programmes
- Annual preparation of life cycle assessments
- Use and economic handling of environmentally friendly materials

SATINO by WEPA

PACKAGING AND THE ENVIRONMENT

PRESTIGIOUS AND AWARD-WINNING

MATERIAL | The majority of all Satino by WEPA prestige products is now certified with the European environmental label EU Ecolabel.

A large advantage for the environment and a big opportunity for the expansion of your sales options (for example invitations to tender by public enterprises).

THE CONTENT COUNTS! | With Satino by WEPA we have **reduced all packaging to a minimum**. The foils for kitchen rolls and the Satino by WEPA toilet paper products comfort and smart contain a natural filler material. **This reduces crude oil consumption and CO₂ emissions by up to 12 percent**. Disposed of properly, these foils are 100% recyclable.

>65%*
reduced ecological footprint
at a maximum*

The BagPacks of Satino by WEPA –
hygienic, practical and **now even more
friendly to the environment!**

>84%*
less packaging weight,
box 0,5 kg, bag 0,08 kg

6%*
lower pallet height,
box 220 cm, bag 207 cm

BagPack

YOUR ADVANTAGES:

Stable handle – makes it easy to carry two or more packages.

Practical perforation – makes it easy to open the package rapidly.

Cost saving – in shipping, logistics and handling.

Maximum hygiene – optimum protection from moisture and damp.

Durability – for easy dispatch via parcel service.

Multi-purpose – empty bags can be used as rubbish bags.

BagPack 
comfort

BagPack 
SMART

The polyethylene (PE) foil of Satino by WEPA comfort and smart BagPacks contains a natural filler material. This reduces crude oil consumption and CO2 emissions by up to 12 percent. The foil does not contain softeners or heavy metals, does not contaminate the ground water, burns without residues and has a good energy balance.

* Compared to the standard paper towel boxes of Satino by WEPA.
You will find the ecobalance of the new Satino BagPacks on our website.

CERTIFICATES*

The ISO standards 14001 (environment), ISO 50001 (energy and EMAS) are integral parts of our management system. We also meet the quality management standard ISO 9001 as well as the global standard on obtaining raw materials from sustainable forest management, FSC® (Forest Stewardship Council®). In addition, almost all Satino by WEPA products bear the EU Ecolabel and the Blue Angel label of the German Federal Office of the Environment.

The IFS HPC distinction stands for certified product quality and safety in household and care products.

SATINO by WEPA FOR CLEANING AND HYGIENE

A BRAND OF WEPA PROFESSIONAL

WEPA Professional is a 100% subsidiary company of the WEPA Group. With over 3,900 employees and 13 locations across Europe, we play in the Premier League of the European hygiene tissue manufacturers industry. This ensures you benefit from all the advantages of multi-country, Europe-wide, on site production. This ensures market-leading quality, attractive prices and a first class, reliable service.

ENVIRONMENT & RESPONSIBILITY

The WEPA Group has for many years been paying special attention to sustainable resources and paper production that conforms with protecting the environment. A large part of our hygiene paper products consists of 100% recycled materials and are FSC® or PEFC-certified. The WEPA Group was also certified in accordance with ISO 9001 and ISO 14001, and engages itself in the "EU-Ecolabel" as well as "Blue Angel" projects.

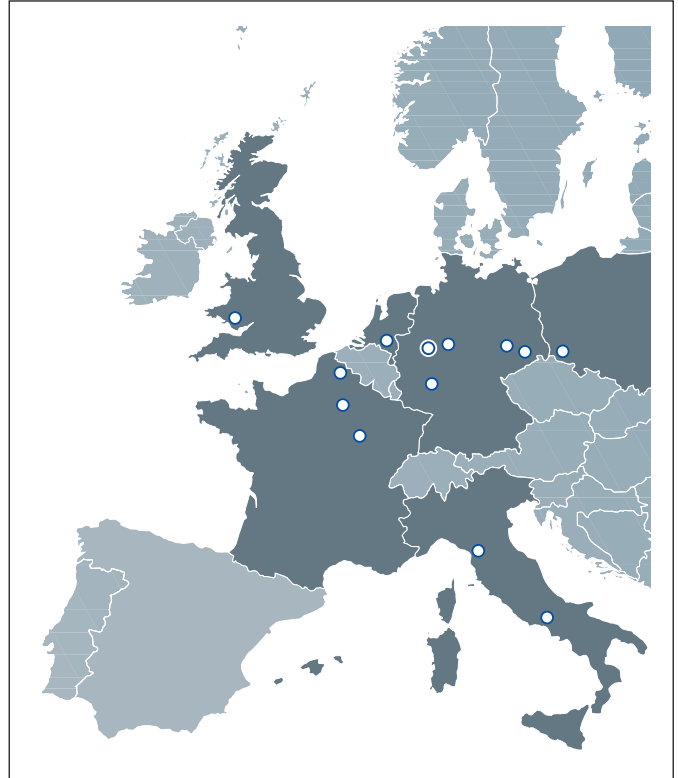

QUALITY & LOGISTICS:

WEPA unites top-class paper production know-how with unique technical equipment. Constant product development, a commitment to our market orientation and Europe-wide sales are our guarantee for continuous innovation and advancement. With our highly modern warehouses and sophisticated logistics, we ensure delivery performance at the highest level.

SERVICE & AVAILABILITY:

Our experts will gladly assist you with your purchasing decisions. Whether at short notice on the telephone, by fax or e-mail or in a personal talk on site. Our website www.wepa-professional.de always provides you with the latest news, the most current overview of our entire range and interesting facts about paper production, use and hygiene. EDI interfaces or e-data for your ERP system are also easily realised.

WEPA PRESENCE IN EUROPE

Your competent contact person:

SATINO by WEPA Easy. Clean. Professional. Your smart way of hygiene solutions.
